5. If medication or treatment is necessary to maintain competency or to enhance Defendant's ability to fully participate in the defense of this case, such care and treatment shall be provided while at the FMC, described in that facility's report, and explained to the transporting officers so that any medications are provided as prescribed during transport back to the District of Nebraska.
6. 7. The United States Marshal shall promptly advise defense counsel concerning which Federal Medical Center location will be evaluating, caring for, and treating the defendant, and upon receipt of this information, defense counsel shall forward all medical and mental health records in counsel's possession, including but not limited to any records received from Pretrial Services, to that Center for its use in Defendant's care and evaluation.
8. Upon Defendant's release from the Federal Medical Center for return transport to the District of Nebraska, the Marshal shall provide a 30-day supply of all medications prescribed for Defendant's care and treatment at that time, and shall ensure Defendant receives such medications in accordance with the instructions of the prescribing physician during transport to this District.
9. Except as to transportation time presumed unreasonable under 18 U.S.C. § 3161(h)(1)(F), the time between today's date and a judicial determination that the defendant is competent and capable of assisting in the defense of this case shall be deemed excludable in any computation of time under the requirements of the Speedy Trial Act. 18 U.S.C. § 3161(h)(1)(A) & (h)(4).
